

My sleep experiment

Two weeks of noticing what helps. Fill in one row each morning.

Name (optional)

House / year (optional)

01 Notice your usual sleep

Week one: record your routine. No changes needed yet.

Day	Morning date	Lights out	Minutes to fall asleep	Night wake-ups	Out of bed	Day felt 1-5	Changes done*
1							
2							
3							
4							
5							
6							
7							

02 Try your chosen changes

Week two: keep logging. Mark which changes you tried using A, B or C.

Day	Morning date	Lights out	Minutes to fall asleep	Night wake-ups	Out of bed	Day felt 1-5	Changes done*
8							
9							
10							
11							
12							
13							
14							

* My changes for week two

A _____

B _____

C _____

Day felt: 1 = very low energy, 3 = in between, 5 = very good energy.

Estimates are fine. Use the date you woke up. Keep this sheet somewhere private.

Need support? Talk to LAS counselling or the health centre at any point.
